1) Structure and Supply Chains

Our supply chains include providers of products and services to Locate Supplies. We believe that suppliers and other business partners share in the benefits of a collaborative relationship. We work together to minimise and manage business risk using shared metrics and industry best practice.

2) Policies

The aim of the policy and statement is the prevention of opportunities for modern slavery to occur within our business or supply chain.

This policy's use of the term "modern slavery" has the meaning given in the Modern Slavery Act 2015

The policy governs our business dealings and the conduct of all persons or organisations with whom we contract directly or who we appoint to act on our behalf. We expect all who have, or seek to have, a business relationship with Locate Supplies Ltd, to familiarise themselves with our anti-slavery policy and to act at all times in a responsible way.

Modern slavery is a criminal offence under the Modern Slavery Act 2015. Modern slavery can occur in various forms, including servitude, forced or compulsory labour and human trafficking, all of which have in common the deprivation of a person's liberty by another in order to exploit them for personal or commercial gain.

As a business, we have a zero-tolerance approach to modern slavery. We are committed to acting ethically and with integrity in all our business dealings and relationships and to implementing and enforcing effective systems and controls to ensure modern slavery is not taking place anywhere in our own businesses or those of our suppliers.

As part of our commitment to combating modern slavery, we have the following policies within our organisation/group:

Code of Conduct - Our Code of Conduct sets out what we expect from every single person working for and with Locate Supplies Ltd. It also underlines our responsibilities to our people, partners and shareholders.

Anti-Bribery - sets out the responsibilities of Locate Supplies Ltd and those who work for us in regards to observing and upholding our zero-tolerance position on bribery and corruption

Whistleblowing - details are available to all employees via noticeboards and through the Intranet. This holds details of an independent hotline where employees can raise any concerns.

3) Risk Assessment

Locate Supplies Ltd assesses its supply chain (new and existing) by checking its suppliers online via its subscription to the Dow Jones Risk Centre.

4) Measuring effectiveness

Suppliers and contractors are evaluated and are required to complete a questionnaire, this information is assessed and all approved suppliers and contractors are added to an approved Vendors log. We can only do business with suppliers and contractors on this list.

5) Training

In order to ensure our staff have an awareness of modern slavery issues we ensure that the Policy Statement is available to all employees and suppliers via the internet and intranet. We also ensure that government material in the form of posters are visible throughout our sites. All new employees (through the induction process) are made aware of the policies and procedures and the importance of adhering to them.
